

Diane Dinsmore

Knoxville, TN

As a thirty-five year member of the Alliance, Diane has held most offices on both the state and local levels in Tennessee, including serving as state president, twice as the local president. Diane attends all local and state meetings, plus participates on the national level as a delegate to Alliance Conventions and Conferences.

She is actively involved with dental health education in school classrooms, health fairs, various dental health days at the zoo and hockey games, delivering baby baskets for the first babies born in February, and even at the annual community Job Fair. Diane has put together and delivered goody bags for her Mobile Meals recipients, and helped assemble Kroger bags with goodies including the Alliance *Dishing Up Smiles* cookbook and gift cards to ladies in a women's shelter.

Although Diane was going to take it easy this past year, she chaired the Christmas Card Fundraiser for the Tennessee Alliance and earned a profit of over \$5,000.00 for Alliance projects with 149 dentists participating.

Diane and her husband John enjoy spending time with family and attending University of Tennessee sporting events.
